

**CENTRALE  
LYON**

# Master 2 Sociology and Organizational Diagnostics

Degree level: Master

Training time: 1 year

Language: French

Status: Student

Campus: Lyon-Ecully Campus

## Objectives

Centrale Lyon offers a **Master of Sociology and Organizational Diagnosis (SDO)** conventionné par l'[Université Lyon 2](#). This training program is based on an interdisciplinary approach to work situations to diagnose human functioning in organizations, with a view to better supporting the development of companies, local authorities, associations, etc.

## Program

The Master's program aims to master the issues at the heart of work organizations: health and quality of working life, conflict and cooperation, restructuring, corporate social responsibility, diversity, digital uses, etc.

## **Semester 1**

- Diagnostic tools and sociological intervention.
- Analysis of professional worlds.
- What's new in the sociology of work?
- Introduction to the sociology of organizations.
- Research and case studies in sociology.
- Practice of intervention.
- Work in controversy.

## **Semester 2**

- TFE internship
- Thesis and internship workshops

## **Internship**

Students must complete a 5- to 6-month internship in a professional setting.
