

Health Center

The health center is located on the ground floor of the on-campus residence hall.
The nurse is on duty every day by appointment except weekends and school holidays

From Monday to Thursday: 7.30 am – 3.30 pm

Friday: 8.30am – 2.30pm

Phone numbers: 06 72 15 74 78

Ms Catherine Giraud, nurse, is in charge of:

- Reception
- Handling emergencies (without appointment)
- Straightforward care, applying and removing bandages
- Injections prescribed by your doctor
- Referrals to specialised medical facilities
- Responding to your request for information or interview
- Training or first-aid procedures (PSC1)
- Health prevention workshops
- Speaking groups
- Antigenic tests

Mr Bussiere, the in-house doctor, is present on the premises Monday from 9:00 a.m. to 1:30 p.m. He performs medical screening and prevention visits for students newly arrived at the School.

Do not hesitate to contact him throughout your schooling if you feel the need.

Corentin CARTIER, the college psychologist, consults at his office on Ecully on appointment. Students must first see the nurse.

For any social, administrative, financial, or family issue, you can contact the CROUS social services (Centre Régional des Œuvres Universitaires et Scolaires, 59 rue de la Madeleine, Lyon 7^e - 04.72.80.13.25) and meet with a social worker.

In exceptional circumstances, the nurse can excuse you an absence from a compulsory 2-hour period **only**. The student must come to the Health Centre during the period concerned so that the nurse can perform an examination, provide medical advice, and deliver the certificate if the absence is justified.

For an absence longer than 2 hours, the student must obtain a medical certificate from a doctor and forward it to the Registrar's office.

The nurse can lend equipment (crutches or elevator badges). The equipment must be brought back to the Health Centre as soon as its use is no longer required. If the equipment is not returned, it will be charged to the student's account. The equipment may not be handed over to another student without prior consent of the Health Centre.

In case of an emergency outside opening hours:

- **Call 15 (SAMU)**
- Inform the lodge.
- Use the red phones located on each floor to reach the emergency services.

Five automated external defibrillators (AEDs) are at your disposal : at the lodge, at the residence hall, in buildings H9 and H10, and at the gym.

You must send on receipt by email to catherine.giraud@ec-lyon.fr

- The completed medical form **with a photo.**
- 1 photocopy of your vaccination record card (foreign students must also provide a medical certificate written in English listing all vaccinations since birth) –

If you have a specific health problem, if you have a disability, make an appointment with the nurse as soon as possible.

WELCOME FOR THIS NEW SCHOOL YEAR – KEEP FIT AND HEALTHY
